

## 2013 JOG Paper Award

### Best Paper Award

Chih-Ping Lin, Yin-Chun Hung, Zen-Hung Yu, and Po-Lin Wu (2013). “Investigation of abnormal seepages in an earth dam using resistivity tomography.” *Journal of GeoEngineering*, TGS, 8(2), 61-70. [\[Link\]](#)

### Excellent Paper Award

Jianye Ching and Hung-Jiun Liao (2013). “A spatial variability view of freeway-3 dip slope failure in Taiwan.” *Journal of GeoEngineering*, TGS, 8(1), 1-10. [\[Link\]](#)

Kuo-Hsin Yang, Panji Utomo, and Tai-Ling Liu (2013). “Evaluation of force-equilibrium and deformation-based design approaches for predicting reinforcement loads within geosynthetic-reinforced soil structures.” *Journal of GeoEngineering*, TGS, 8(2), 41-54. [\[Link\]](#)

Toshihiko Takeda, Motohiro Sugiyama, Masaru Akaishi, and Huei-Wen Chang (2013). “Initial rate of secondary compression in one-dimensional consolidation analysis.” *Journal of GeoEngineering*, TGS, 8(2), 55-60. [\[Link\]](#)
